PROJECT SAMAD | PHASE 001 | OCTOBER 19, 2026
FOUNDATION AND INITIAL 3D INTERACTION

Status: On development branch; production unchanged.
Branch: project-samad/phase-01-foundation
Baseline: 9002267729686d87b1124c377d583b7907cf5741

Completed:
- Business-and-technology identity replaces metrics-driven introduction.
- Added CursorOrbit: eased mouse tracking and CSS-based 3D styling.
- Reduced motion and fine-pointer conditions supported.
- Removed hidden stale executive CV content from primary page.
- Added PROJECT_SAMAD.md master index and Markdown phase report.

Files: app/page.tsx, components/experience/CursorOrbit.tsx,
PROJECT_SAMAD.md, docs/phase-reports/PHASE-001.md.

Validation: Source reviewed and GitHub comparison passed.
Not run: npm build, TypeScript, lint, browser, mobile, performance.
Risk: Existing public Git history and assets still require privacy review.
Rollback: Do not merge development branch; main remains at baseline.
